| SPEED | UPTO 30 SECTIONS / MINUTE |
|---|---|
| BOOK LENGTH | MAX. 930MM – MIN. 90MM |
| BOOK WIDTH | MAX. 480MM – MIN. 210MM (CENTRE PINNING) |
| | MAX. 240MM – MIN. 110MM (SIDE PINNING) |
| POWER CONSUMPTION | 2 KW, SINGLE PHASE |
| BOOK THICKNESS | MAX. 8MM – MIN. 2 PAPER SHEETS |
| WIRE | 24-26 SWG (DIA. 0.60 – 0.50MM) |

## In 5 automatic steps:

Gathered papers or book-blocks are manually fed into the machine in open form before folding.

The length of book, no. of pins and exact distance between two pins is to be set once in the touch screen panel on the machine.

The gripper jaw carries the papers/book block further for pinning.

The STITCHmaster stitches the pin at exact location as set.

Upto 24 pins in one book can be achieved in this unique machine.
