HOW IT FUNCTIONS:

Gathered papers or book-blocks are manually fed into the machine.

The gripper automatically carries the papers/ book-block further for stitching.

The length of book, no. of stitches and distance between stitches is to be saved once in 20 programs memory.

The M19-STITCHmaster makes a stitch at the exact location as set in the Touch Screen Panel on the machine.

Up to 24 stitches in one book can be achieved in this unique machine by Deluxe G20 stitcher head with superb quality stitch and long life.

M19-STITCHmaster can be online attached to STALLION FOLDmaster: Book Folding Machine or STALLION TAPEmaster: Automatic Spine Taping Machine.
