

M30STITCHmaster★

Programmable Heavy Duty Wire Stitching Machine

PATENT PENDING

HIGHLIGHTS:

- Single head – Multiple stitches
- Upto 12 stitches per book possible
- Precise distance between two stitches
- Minimum distance between two stitches
- Short make ready time
- Touch screen programming
- 20 programs memory
- No skilled labour required
- Cost effective & economic
- Ergonomic design

HOW IT FUNCTIONS:

Gathered papers or book-blocks are manually fed into the machine.

The gripper automatically carries the papers/ book-block further for stitching.

The length of book, number of stitches and distance between stitches is to be saved once in 20 programs memory.

The M30-STITCHmaster makes a stitch at the exact location as set in the Touch Screen Panel on the machine.

Up to 12 stitches in one book can be achieved in this unique machine by Deluxe M30 sticher head with superb quality stitch and long life.

M30-STITCHmaster can be online attached to STALLION FOLDmaster: Book Folding Machine or STALLION TAPEmaster: Automatic Spine Taping Machine.
